

Shahin Amini

Chief Information Officer

Overview

Shahin Amini is the firm's Chief Information Officer. Shahin chews through our most thorny IT problems and helps keep our legal work efficient, state-of-the-art, and frustration-free. After 20 years on the vendor side of IT including development, sales, and on-site troubleshooting of Fortune 500 companies' most complicated IT issues, he knows every trick in software vendors' secret book and has a deep and wide-ranging expertise in the commoditization of complex IT solutions.
